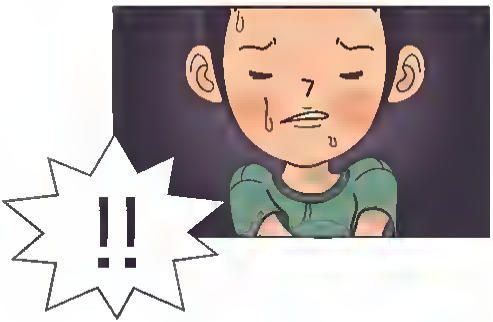
"DONG-SU..."

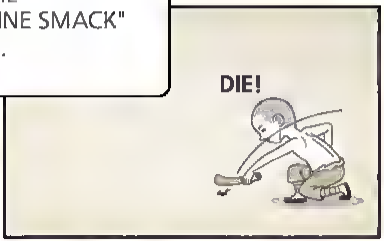


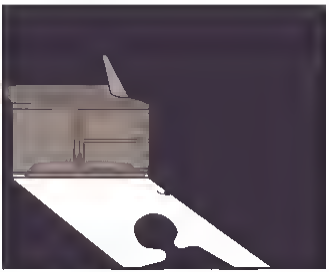
"DON'T BE AFRAID"

"I'LL JUST GIVE IT A SHOT!"

SO I'LL JUST ROLL UP THE MAGAZINE

AND STRIKE THE BUG MYSELF USING THE "MAGAZINE SMACK" METHOD.





IN THE PLACE WHERE
THE BUG SHOULD'VE BEEN

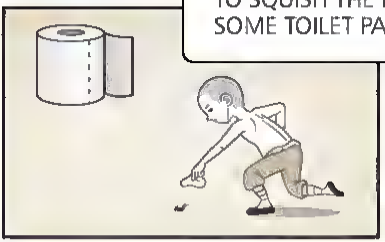
CLICK!

THERE WAS A LEAF THAT
HAD FALLEN OFF A PLANT

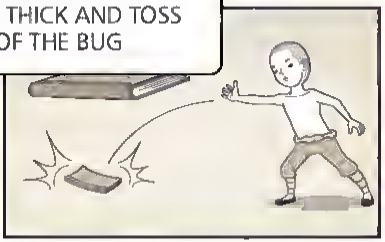
F-FEAR?!
THAT'S RIGHT!! FEAR!!
THE FEAR WITHIN ME!!

THERE ARE TWO MAIN WAYS OF KILLING BUGS.

THERE'S THE "DIRECT PRESSURE" METHOD BY WHICH YOU SIMPLY APPLY PRESSURE TO SQUISH THE BUG IN SOME TOILET PAPER.

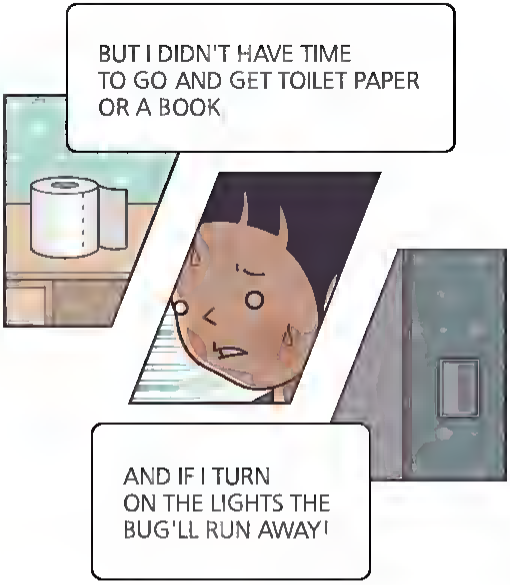


THE OTHER METHOD IS THE "GIANT BOOK SQUASH" METHOD WHERE YOU TAKE A BOOK AT LEAST 200 PAGES THICK AND TOSS IT ON TOP OF THE BUG



IS THAT A COCKROACH?
...OR A CAMEL CRICKET?
WELL IT'S GOT ANTENNAS, SO DOES THAT MAKE IT A CAMEL CRICKET?
I'M ALMOST CERTAIN THAT IT'S A CAMEL CRICKET.

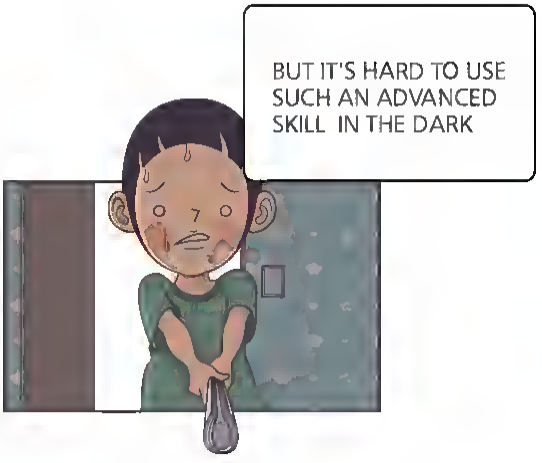
SINCE I HAD FORGOTTEN
TO WATER RECENTLY.



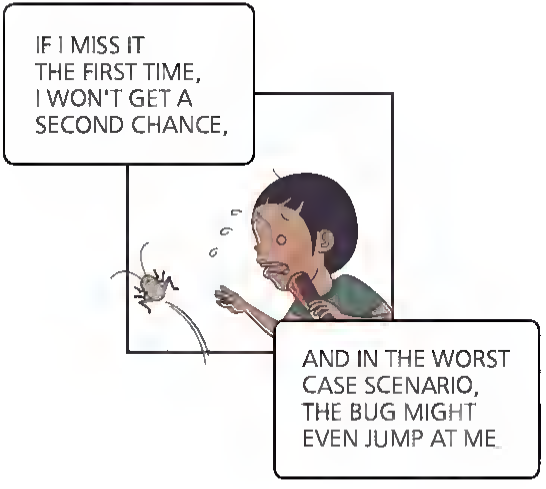
BUT I DIDN'T HAVE TIME TO GO AND GET TOILET PAPER OR A BOOK
AND IF I TURN ON THE LIGHTS THE BUG'LL RUN AWAY!

ALL I'VE GOT IS A FLIMSY LITTLE MAGAZINE...

WHY HASN'T THAT BUG MOVED AT ALL?
HAVE I BEEN STANDING HERE PANICKING
OVER A BUG THAT'S ALREADY DEAD...
REACH



BUT IT'S HARD TO USE SUCH AN ADVANCED SKILL IN THE DARK



IF I MISS IT THE FIRST TIME, I WON'T GET A SECOND CHANCE,
AND IN THE WORST CASE SCENARIO, THE BUG MIGHT EVEN JUMP AT ME

..THE FEAR WITHIN ME

FEAR.. WAIT..

"DON'T FEAR CAMEL CRICKETS"

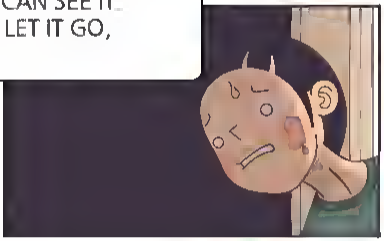
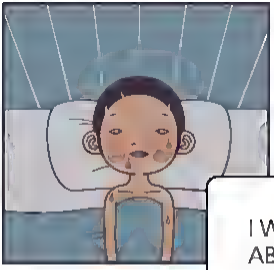
I SHOULD TRY TO KILL IT WHILE I CAN SEE IT. IF I JUST LET IT GO,





I WON'T BE ABLE TO FALL ASLEEP TONIGHT.
